

Fruit Growers' Notice-RUBBER STAMPS, STAMP PADS, STAMPING INK, At Hillier's

The tax collectors' roll is being completed for submission at the next meeting of the town council when the tax rate will likely be set for the year.

Several contractors from out of town have expressed their desire to submit prices on the work of building breakwater at the pump house for which Water Commission has purchased iron piling. The work will necessitate the use of a pile driver. Work will likely commence next week.

COMMUNIST MEETING

Provincial police are investigating reports of a Communist meeting alleged to have been held at the village of St. Ann's near here Saturday. An unidentified foreigner from Thorold, Ontario, is said to have declared in a fiery speech "down with the King, the government and the capitalists."

"The wealthy men go to California for the winter months while the poor have to stay here and suffer," is another sentiment credited to the orator.

Local Items of Interest

A case of alleged chicken thieving in the town has been reported to the police who are investigating.

The annual picnic of the Sunday school and congregation of Trinity United Church will be held at Vineland on July 9th.

This can be cut to any length at 3 yds. for 5c. This is the real idea for any picnic, large or small—H. Hillier & Son.

GARDEN PARTY A SUCCESS

The Strawberry Festival and Garden Party held at 25 Elm Street under the auspices of the Westminster Club of St. John's Presbyterian Church on Tuesday evening was a decided success. It being attended by a very large number. The fish pond proved very popular throughout the entire evening. A splendid programme was given including a vocal solo by Miss Margaret Stewart, reading by Miss Mary Reid, whose numbers are always a delight to her audience, a vocal solo by Miss Frances Burrows, two Highland dances by the Misses, Helen Murdoch and Kathleen MacPherson, pupils of Miss Betty Briscoe and a vocal solo by Miss Gladys Sangster.

Sewer System In Operation

With Exception of One Area On East Side Of Town System Can Be Utilized

With the exception of the area from Gibson's coal office east, on both sides of Main, the sewerage system is operating satisfactorily. Residents in this area, however, will not be able to utilize the system until this portion of it is declared to be satisfactory by the engineer. The difficulty is being investigated with a view to having it remedied.

Residents in the other sections of the town where sewers have been laid will be able to utilize the system and many of them have had the necessary connections made from the sewers in their homes.

NOTICE
Lawn Sprinkling

The hours allotted for sprinkling of lawns and gardens are:
From 8:00 A.M. to 10:00 A.M. and from 5:00 P.M. to 8:30 P.M.

Owing to the heavy use of water during the summer months it is urgent that all users adhere to the allotted hours for sprinkling—Your co-operation is requested, so that we will not be obliged to exact the penalties provided.

GRIMSBY WATER COMMISSION
Grimsby, June 24, 1930.

PEANUT ICEBOX COOKIES

2-3 Cupfuls of peanut butter
2 Cupfuls of brown sugar
2 Eggs
4 Cupfuls of flour
1-2 Teaspoonfuls of baking powder
3-4 Teaspoonfuls of salt
1-3 Cupful of milk
1 Teaspoonful of vanilla
Peanuts
Cream the peanut butter and the sugar very thoroughly. Beat the eggs, combine with the milk, and add alternately with the well-mixed and sifted dry ingredients. Add the flavoring and peanuts, their brown skins removed. Pack the dough into a long, narrow loaf pan and chill for several hours or overnight. With a very sharp knife slice the moulded dough thinly. Bake in a hot oven, 450 deg. Fahr., eight to ten minutes.

CARD OF THANKS

Mr. and Mrs. Isaac Southward and family join with the husband, Mr. Forester McCready in thanking the many friends for the kind expressions of sympathy shown and the beautiful floral offerings received, also those who loaned cars and those who helped in many ways in their recent sad bereavement.

Limited Hours For
Lawns Sprinkling

The extremely warm weather which has prevailed during the past few days has resulted in the use of much additional water on lawns and gardens. Citizens are advised, however, that owing to the heavy use of water during summer the sprinkling of lawns and gardens is only permitted during certain hours. In the morning hours are from eight to ten o'clock and in the afternoon from 2:00 to 4:30. The co-operation of the citizens is asked by the water commission so that it will not be obliged to exact the penalties provided.

E.F. Neff Will
Investigate Potato
Growing Conditions

E.F. Neff, district agricultural representative left Monday morning for Prince Edward Island. In company with two other agricultural representatives, Mr. White of York County, and Mr. Page of North Simcoe, and E. K. Hampson of the potato syndicate, Mr. Neff will investigate potato growing conditions in Nova Scotia and Prince Edward Island. He will also attend the annual convention of the Canadian Society of Technical Agriculturalists which is to be held at Wolfville, N.S., June 23 to 27.

SPRAY SERVICE

CHERRIES—Spray now with Lime Sulphur 1 to 50. For Montmorency and other late varieties, add 1 1/2 lbs. Arsenate of Lead to each 40 gals. for the control of Fruit Fly or Cherry Maggot.

PEACHES—The second spray for Pear, Scab or Injurious should be applied now, and should be completed by the end of this month, at the latest. Use Wettable Sulphur and follow the manufacturer's directions.

APPLES—In orchards where Sideburn is troublesome, and also in orchards infested with Apple Maggot, thoroughly drench the trees with 2 lbs. Arsenate of Lead to 40 gallons of water, two weeks after the last application.

Where Apple Scab is noticeable, use Lime Sulphur 1-50, adding 2 lbs. Arsenate of Lead to each 40 gallons. Do not spray with this mixture when the weather is very hot, and be sure to use a fine mist. This spray should also be applied 2 weeks after the last application.

GRAPES—Spray during the first week in July with Bordeaux Mixture 4-8-40. Add 3-5 pints of Nicotine Sulphate to each 40 gallons if Leaf Hopper is all abundant. Be sure to cover the rougher under-sides of the leaves.

NOTE: This will be the last regular circular for this season. Emergency circulars will be sent out later, if necessary. Growers are advised to follow the applications, e.g., the spray for the control of Root Rot on late varieties of cherries and plums, also Root and Mildew on grapes.

An enquiries regarding spraying or other problems should be made direct to this office after June 25th as Mr. Sheppard and Mr. Tregunno were appointed to this office only for the months of April, May and June.

Here and There

Thirteen first prizes in apples, one first in pears and four seconds in apples were awarded to Canadian exhibitors at the Imperial Fruit Show recently held at Bingley Hall, Birmingham, England. Eight of the first prizes were won by Nova Scotia growers, five of them by Chas. A. Bentley, of Berwick, N.S.

Four hunters from New York State saw 153 muskrats during the ten days of October they spent hunting in Albert County, New Brunswick, with headquarters at the camps owned and operated by Guide Charles C. Olson, of Alma, according to a report made by R. D. Stewart, of Alden, N. Y., who headed the party, to the New Brunswick Government Bureau of Investigation and Tourist Travel.

Contract for building a \$500,000 hotel and casino at Prescott, Ontario, on the St. Lawrence has recently been let by the Canadian Government. Its cost will be about \$2,100,000 and construction must be completed by August 1, 1936. It is hoped it will be ready before the Welland Canal, built at a cost of \$120,000,000 is opened before next year's grain harvest in Western Canada begins.

Meat Loaf

If the meat is to be used sliced for Sunday night supper, use some tapoca along with the crumbs in mixing it. This keeps the slices from breaking so easily.

No Order For His
Release Received

It was reported that Grimes had been released through the failure of two juries to agree. Mr. Lazier and D. A. Robinson, who were engaged by separate groups to defend the youth, have been endeavoring to have him released following the second disagreement.

No order has yet been received by the sheriff of St. Catharines. Grimes is still in jail. The youth has been in jail for sixteen months.

SHOWER

On Tuesday evening Mrs. Doucet and Miss Ethel Jewson were hostesses at a linen shower at the former's home in honor of Mrs. William Schaefer, formerly Miss Mildred (Buddy) Moore. About twenty friends were present and many dainty gifts were received by the bride. The guests spent the evening in playing cards after which lunch was served.

**Gum-Dipped Cords
Stand the Acid Test**

Even though Firestone cords are of superior strength and elasticity before they are built into Firestone tires, they go through the Gum-Dipping process for added strength and endurance.

Gum-Dipping—exclusive to Firestone Tires—saturates and insulates every fibre of every cord in the tire. This prevents the cords from chafing against each other and eliminates internal friction and heat—the greatest enemy to tire life.

Thus Firestone Gum-Dipped Tires have double reasons for their toughness, ruggedness and unequalled mileage—by actual test they hold all world's records for mileage and endurance! Specify Firestone Gum-Dipped Tires on your car. See your nearest Firestone Dealer today.

Canadians Not Anxious to Take Credit Opportunities Offered

Toronto.—Merchants in Canada, on the whole, are not anxious to extend credit to the public in the same way as credit is extended in the United States. This is the opinion of a committee of the National Retail Credit Association, which is the only Canadian organization that has been set up to study the credit situation in this country.

Check raising in North America's fastest growing crime, declared R. Percell, New York City, who illustrated his statement with a display of \$1,000,000 worth of bad cheques. He estimated the loss from raised cheques at from one hundred to three hundred million dollars a year.

R-100 Will Leave For Canada July 31?

Canadian Government Requests Postponement of Flight Until After Election

London.—It was officially stated recently that at the request of the Canadian Government the flight of the R-100 to Canada will not take place before July 31. In explanation of the cables reporting Lord Thomson to have announced that the R-100 would be leaving for Canada about the middle of the month carrying with it a number of members of Parliament it was pointed out that the trip arranged for parliamentarians will be just local "joy-rides." It is not contemplated extending them to a trans-Atlantic attempt. Either the R-100 or the R-101 might be utilized for these trips.

At present the R-100 is in the hands of the Airship Guarantee Company for such repairs and alterations as may be required. The R-100 is covered under a contractor's guarantee clause. When test flights are being made she is turned over to the Air Ministry for those since the ministry has an air personnel while the company is merely engaged in production. Then, if further repairs or alterations are necessary, the ship is again technically returned to the hands of the construction company for the work. Repairs and alterations to the R-100 will be completed within a few days. Whether and when members of Parliament will get their trip rests entirely on weather conditions.

In the case of the R-101 some time ago members were actually at the mast ready to embark when the trip was cancelled owing to stormy weather.

Addition of 500 Miles To Antarctic Coast

Australian Explorer Raises British Flag and Claims Islands

Adelaide, A. Aust.—After spending five months amid the ice seas of the Antarctic and adding some 500 miles to the known Antarctic coast line, Mr. Douglas Mawson, Australian explorer, and his party recently arrived back in Adelaide in the trim little ship, "Endurance." On several small islands the flag was raised and a declaration left to the effect that they had been claimed by the expedition on behalf of the British Empire. On one occasion the plane carried by the party ascended 5000 feet and saw a chain of rocky mountains, which were named MacRobertson Land in recognition of the \$50,000 donation supplied to the expedition by Mr. MacRobertson, the "confectionery king" of Australia.

The discovery was given a hearty welcome on its return here, the Governor-General, Lord Stothard, flying over from the Canberra for the reception, which was attended by the leading representatives in every branch of activity in the Commonwealth.

The discovery left in October for her home, Cape Town, carrying a crew of 40 all told, with Mr. Douglas Mawson, hero of several expeditions in the ice, in command. Capt. John K. Davis, who took Shackleton and Mawson on their polar trips, was at the helm. Prof. Harvey Johnston, biologist at the Adelaide University, being in charge of the natural science work. Capt. Frank Hurley, veteran explorer, being photographer and cinematographer, and Commander Martin Moya leader of the survey branch.

Coronation of Carol To Be Impressive

Reharcourt.—Now that Carol II. has swept all obstacles from his path to a full and valid kingship of Roumania, he has made plans for an impressive coronation that will be the last triumph in the journey of an exile to a throne.

The coronation will be the last and most brilliant event in the series of state developments. It will be held at Alba Iulia, where the late King Ferdinand was crowned, and has been out for October. It is believed likely that October 11 will be the date for it was on that day in 1914 that his father, King Ferdinand I, became monarch of the Balkan kingdom.

King Carol intends to invite all the crowned and presidents of Roumania's war allies to the impressive event. He recently examined General Gavrila, an outstanding soldier who clapped to him in a cabinet recently, a Professor Nicholas Jorga, his boyhood tutor and friend, to deliver the throne's oration.

Opening of Canal September First

Will Be Principal Link in Great Chain of Waterways

The new Welland Ship Canal, which is to be opened to traffic on September 1 next, is one of the principal links in the great chain of navigation from the Strait of Belle Isle up the St. Lawrence River and through the Great Lakes to the western end of Lake Superior, a distance of 2,339 miles. In considering the historic and romantic background of this vital artery of Canada's trade for the past 100 years, the story of the Welland Canal may be said to recapitulate the important events in the Dominion's advance among the nations of the world. From time to time, in order to cope with the country's ever-increasing volume of trade, no fewer than three canals have been constructed across the Niagara peninsula of Ontario from Lake Erie to Lake Ontario previous to the present undertaking. The first of these was opened for traffic in 1829, the second in 1845, and the third in 1870. Improvements to the 1870 canal, bringing its depth to 14 feet, and other measures, were effective until 1912, when it was realized that a new and much larger canal was an absolute necessity. Construction was delayed by the Great War, but such progress has been made in the last few years that on Dominion Day Canada will formally open one of the great canals of the world, and one distinguished by many unique features. The total length of the new canal is 27.3 miles between the outermost ends of approaches at Port Weller in Lake Ontario and those at Port Colborne in Lake Erie. For all practical purposes it is a straight line throughout, and the difference in level between Lake Ontario and Lake Erie (256 1/2 feet) is overcome by seven locks of 44 1/2 feet lock each, and a guard lock. The usable length of these locks is 130 feet, the usable width 50 feet, with 30 feet of water on the sills.

Other Interesting Features

There are many other interesting features in the new canal, which crosses the old canal at several points and coincides with it at others, all to the advantage of the new. For instance, from Welland to Humberstone, the old and new canals coincide, but just north of Humberstone the new canal leaves the old one to continue a straight alignment into the harbor at Port Colborne, and thus eliminates a sharp curve. In the old canal known as Ramsey's Bend, again, by keeping the summit level from Port Colborne, Lake Erie, to Thorold at a regulated height by means of a guard lock, vessels can be passed into the canal without delay from a constantly fluctuating level of Lake Erie. This is entirely new, and effects a vast improvement in navigation.

The Wristherchief

What is being featured at smart shops as a "wristherchief," introduces a heretofore of a new shape, obviously intended to be worn as an ornament rather than carried for any practical use. The novelty of this accessory consists in its being narrowed at the corner and elongated. At the there is an embroidered design through which the wristherchief is slipped after having been looped around the wrist. This adjustment allows the wristherchief to hang in flowing fashion and still be perfectly secure. This model is not confined to airy fabrics such as chiffon, georgette and net but comes in substantial silk crepe and post-tensioned handkerchief linen for sportswear. Hand-blocked corner designs in initials or monograms are a favorite form of decoration for sports wear. The more elaborate model, for evening, being edged with finely plaited ribbon, lace applique and net gossamer and other decorative borders.

Dresden—Last Lying Place of Uncle Tom

Toronto.—The wood-covered monument over the grave at Dresden of Rev. Josiah Henson, the original of Harriet Beecher Stowe's immortal "Uncle Tom," has been discovered by Government wood inspectors. It was stated recently by the Provincial Department of Highways. This relic of the past will be marked in some suitable manner for the benefit of American tourists and students of history.

Rev. Josiah Henson was born July 8, 1789, and died May 5, 1883, at the age of 93 years, 10 months and 5 days, according to the inscription on the monument.

CANDIDATES IN LINCOLN

Both parties in the electoral
district of Lincoln have chosen their
candidates and the campaign is now
in progress.

Mr. Chaplin, the member for the
past few terms, is again the standard
bearer of the Conservative party in
this riding while Mrs. F. S. Green-
wood is the candidate of the Liberal
party. She enjoys the distinction of
being the first woman in this elector-
al district to be chosen to contest the
constituency and she is waging an
active campaign.

The elections of the riding, bet-
ween now and election day, will have
an opportunity of judging the merits
of the policies of the two parties as
they are discussed from the public
platform by the candidates and their
supporters.

THE NEW SANATORIUM

The formal opening of the New
Niagara Peninsula Sanatorium the
other day, afforded an opportunity to
the citizens of the district to inspect
this modern equipped institution for
the treatment of tuberculosis which
has just been completed.

Many organizations throughout the
Peninsula have lent their aid to for-
ward this worthy project, citizens in
general having shown their interest
by generous contributions of both
time and money towards the under-
taking. In Grimsby the members of
the I. O. D. E. and the Women's In-
stitute have been among those es-
pecially active in support of the under-
taking and have embraced every op-
portunity to assist financially and
otherwise in the project.

The new structure which is com-
plete in every respect, is the culmination
of the united efforts of the people
in the Niagara Peninsula to provide
an institution with every facility for
combating tuberculosis. Equipped
as it is, with the most modern facil-
ities for its treatment and with skilled
physicians and trained nurses in at-
tendance, the institution is in a highly
favorable position to carry out the
laudable mission of restoring to health
and strength to those afflicted with the
malady.

POLICE DO GOOD WORK

Among the districts in which
chicken thieving has been very pre-
valent is Lincoln County where
many farmers have suffered heavy los-
ses through the theft of their birds.

The vigilant and unceasing efforts
of the police which have been directed
towards apprehending the guilty parties
were recently rewarded with the
arrest and conviction of three men
in connection with the chicken thiev-
ing which has been going on and
sentences of two and three years were
imposed by the magistrate which will
serve as a strong deterrent to others
similarly inclined.

The excellent work of the police
in this connection has been much ap-
preciated and found expression in the
grant made by the Lincoln County
Council at its June session to the
county men who effected the arrest
and conviction of those recently ap-
prehended.
